Dear Colleagues,

We are delighted to present you with a copy of our Foreign Rights Catalogue for Autumn 2007, featuring amusing, exciting and compassionate stories for young readers: Lea Whirlwind is back, desperate to celebrate her birthday in style while Matthis discovers a stone, which cheers him up when things get on top of him. Jan and Flo solve the mystery of a wonderful clock, Konrad learns the duties of a knight and Nele finds a friend.

New additions to popular series describe how Jonas and Hanna help the Little Elf find her magic wand and the Wonder Twins, Laura and Leonie, try to capture a kidnapper. Our youngest readers will have fun piecing together the attractive pictures in our new jigsaw books, while Paula and Simone provide plenty of excitement for teenage readers.

A farmer and a fireman write letters to children, telling them all about a typical day in their lives and the Christmas Bears, Squirrel Fritz and Mary's little donkey help to evoke the mood of Christmas...

If you have any questions or require further information on titles in this catalogue, please do not hesitate to contact us or visit our website at www.kerle.de. We look forward to hearing from you!

With best wishes
